

Coronavirus COVID-19

COSGROVES Chauffeur Protocols

Cosgrove's prides itself on having the best drivers in the business. You can have confidence that our drivers are taking all necessary precautions to protect themselves and our clients as restrictions begin to lift and travel resumes.

We have put in place the following:

- Personal Protection Equipment, PPE.
- All our chauffeurs are supplied with PPE, (latex gloves & face mask).
- PPE will be worn by your chauffeur on all bookings.

- All chauffeurs will avoid contact with clients (no handshakes, hugs or kisses).

- All chauffeurs will have alcohol based hand gels to be used regularly.
- Masks, gloves hand sanitiser will be available in car for the clients use (on request).

Our Vehicles have been fitted with Covid Screens separating the chauffeur from the passenger compartment.

Vehicle Cleaning.

- PPE will be worn when cleaning and disinfecting your vehicle.
- Chauffeurs on collecting their vehicle will sanitise all passenger areas, doors handle's etc.
- All vehicles will be cleaned & disinfected before & after each trip.
- Special attention will be given to areas that are likely to be touched by clients, drivers or concierge.
- Aircon Bombs will be used regularly to disinfect our vehicles ventilation system, these bombs are specific to disinfect Covid 19.
- The vehicles recirculated air option in the aircon/climate control will not be used.
